- 2 looking down to the front court.
- 3 The office faces to front court with wood deck.
- 4 shiny front court is used as open lobby.

The headquarters of Sendenkaigi Co., Ltd. at Minami-Aoyama, Minato-ku, Tokyo. Set back sufficiently from the frontal road, this building is involved in surrounded in a carefully kept green with old stump at the central Tokyo. A sprout from the stump grew up to be more than 5 meter high trees, which gives fresh air to not only employees but also passers-by. The feature of this building is 10 meter high gate, opened during business hours. The bright courtyard is integrated with the public road when the gate is open. It is designed to be a community space which leads visitors to the gallery, used for multiple purposes for events.
